All year round the activities team provide a set programme offering a variety of courses. We also arrange specialised courses for public, private and voluntary organisations by arrangement.

The courses range from expeditions on rivers and lochs to one day team building sessions. We have arranged courses for; Cardonald College, Spark of Genius, Diageo and education departments in Renfrewshire, Inverclyde and Ayrshire.

Activities can be developed to meet the needs of our customers. Approach us with an idea and we help you put it into practice.

Team building sessions make up a large part of our private bookings. These are aimed at organisations who want a personalised experience for their staff or clients. Courses can be arranged anywhere in Scotland.

Castle Semple Centre is an AALA recognised centre, currently holding a two year licence.

"The scheme ensures that those who provide certain adventure activities to young people under the age of 18 years will have their safety management systems inspected."

All instructors who work at the centre have national governing body qualifications or appropriate in-house training in the activities they deliver. This gives us a well qualified and experienced team to provide activities to groups of all abilities.
